## TERMS OF SALE

---

### GUARANTEE

We guarantee all plants to be true-to-name under which they are sold, to be in a healthy condition upon delivery, and to be up to grade specified on order; but at no greater liability than to replace with the correct kinds without charge. No claims relative to improper condition upon delivery will be considered unless same are made within ten days of receipt of goods.

### PRICES

The prices in this booklet cancel all previous quotations made by this company. The prices shown are for representative trees or plants of a specified variety and size. Where specimen material is selected in our nursery by the customer, we reserve the right to charge for same according to our estimate of its value, regardless of the general price listed herein.

Prices quoted include all packing charges, with the exception of the case where evergreens must be shipped by Express or Freight. On account of their weight, and the importance of maintaining an unbroken ball of soil, these long distance shipments must be packed in wooden boxes, for which a charge is made at cost.

### CHARGE ACCOUNTS

Customers unknown to us should remit with order, by check or money order, or accept deliveries C. O. D. For the convenience of customers known to us, or those who will furnish satisfactory reference and apply for an account, we are glad to extend credit on terms of 30 days net. In any case we reserve the right to ship or deliver C. O. D., orders amounting to \$10.00 or less.

### DELIVERIES

To customers in or around Louisville we will deliver free of charge with our own trucks. Where special trips are made to points north of the Ohio River, a small charge is made to cover bridge toll, dependent on size of order delivered.

Orders for shipment will be carefully wrapped or packed and delivered free of charge to the freight, express, truck line, packet interurban or, post office. All carriage charges, except for parcel post in the first zone, will be paid by the customer, and shipments, after being properly delivered to the carrier, travel at the customer's risk.

Customers living outside the first parcel post zone will please add 10% of order in remitting to cover postage.

### PLANTING CHARGES

Prices given herein include delivery only. Where we do the planting or other service work, the labor will be charged for at a flat rate per tree or per job, or on a time basis, as preferred. Minimum planting charge \$0.85.
